# HAAAP Frameworks

## Smart Growth Principles

The Smart Growth Principles, abbreviated below, can be used to evaluate whether a proposed project is likely to contribute to a community’s overall well-being.

- Located near existing development and infrastructure
- Increases the range of housing opportunities
- Protects open space and critical resources
- Creates a vibrant mix of uses
- Creates or enhance choices for getting around
- Designed for personal interaction and walkability
- Respects the desired character of the community
- Is sustainable in the context of the community

## WHO 8 Domains of Livability

The WHO Eight Domains of Livability model identifies and addresses barriers to engagement faced by older people throughout the course of daily life within the following domains:

- Housing
- Outdoor Spaces and Buildings
- Transportation
- Communication and information
- Civic Participation and employment
- Respect and social inclusion
- Health services and community support

## NYS Prevention Agenda

To improve health outcomes, enable well-being, and promote equity across the lifespan, the Prevention Agenda employs the following cross-cutting principles:

- Focuses on addressing social determinants of health and reducing health disparities
- Incorporates a Health Across All Policies approach
- Emphasizes healthy aging across the lifespan
- Promotes community engagement and collaboration across sectors in the development and implementation of local plans
- Maximizes impact with evidence-based interventions for state and local action
- Advocates for increased investments in prevention from all sources
- Concentrates on primary and secondary prevention, rather than on health care design or reimbursement
Herkimer County became a member of the AARP Age-Friendly Network in 2021.

Herkimer County 2019 Population Estimate

- Total Population: 61319*
- Age 18-64: 58% (35776)
- Age 65-74: 12% (7455)
- Age 75-84: 6% (3882)
- Age 85+: 3% (1680)
- Age <17: 21% (12526)

Project Update (December 2021)

Replicated executive order #190 at the county level and passed a resolution to align with the governor’s executive order; formed the Herkimer County Age Friendly Coalition; designed Age Friendly Herkimer County logo with the help of a Herkimer College graphic design student; received the AARP Livable Communities Designation; currently conducting a needs assessment survey.

Next steps: Develop an action and evaluation plan based on the assessment results; submit the plan for review by AARP; implement and work toward the goals of the plan; share solutions, successes, and best practices with AARP; assess the plan’s impact and submit progress reports.

Herkimer County Age Friendly Coalition has been working to identify and address barriers that include many of the 8 domains.
Ontario County

Lead Partners

Project Update (December 2021)

- Formed an Ad Hoc Committee of various department heads, elected officials, and non-profit collaborators.
- Partnership of OFA and Planning
- Conducted initial and on-going education on AF concepts to a broad group of Ontario County leaders
- County Resolution - making a commitment to consider AF principles into departmental, city, town or county plans, programs, and policies
- Projects include development of an AF Ontario website, mobility management, accessible kayak launch and COVID-19 response

The New York Academy of Medicine
The COVID-19 pandemic put on hold many of the county team’s goals and changed the way services are provided to older adults in the community, such as:

- Developing working relationships with municipalities to encourage Age Friendly initiatives in their communities.
- Advocating with local and state partners for fair pay for health care worker and paraprofessionals.
- Partnering with Employment and Training to assist older adults reentering the work force.
- Budgeted for a mobile OFA office to serve older adults in hard to serve areas.
- Collaborate with Welcome Orange Geriatric Initiative (WOGI) for those struggling with loneliness, isolation and depression.
- Hosted tai chi and matter of balance classes virtually and in person (socially distanced).
- Created grocery shopping and Rx pickup for those struggling with food insecurity and transportation.
- Taking lead in assisting older adults in getting the COVID vaccine and booster.
- Distributed robotic dogs and cats with older adults at risk of loneliness, anxiety and depression.
- Implemented a friendly visitor call initiative to increase social interaction with homebound seniors.
- Increased virtual programs and support groups.
- RSVP, located in OFA, assists with friendly visitor calls and visits.
- Partner with Jewish family Services (JFS) to assist with transportation.
- Paint and Sip for caregivers and receivers.
- Created a virtual book club which offered a call-in option for those participants without IT capabilities.
Schoharie County
Lead Partners

- Schoharie County Office of Community Development Services
  Zach Thompson, Planner
  ZacharyThompson@co.schoharie.ny.us
- SUNY Cobleskill
- Creating Healthy Schools and Communities
- Alzheimer’s Association of Northeastern NY
- Schoharie County Planning Commission
- Schoharie County Office of Community Services (Office of Community Development Services, Department of Health, Youth Bureau, and the Office for the Aging)

Schoharie County 2019 Population Estimate

- Total Population: 30999*
  - Age 18-64: 60% (18581)
  - Age 65-74: 13% (4105)
  - Age 75-84: 7% (2163)
  - Age 85+: 3% (779)
  - Age <17: 17% (5371)

- Employers and employees
- Housing projects in the Villages of Richmondville, Middleburgh, Schoharie, and Cobleskill
- Local county departments
- Public transportation
- Schoharie County Age-Friendly Planning Collaboration
- The Mohawk Valley Regional Economic Development Council
- The SMART Committee
- Underserved populations

Project Update (December 2021)

- Formed an Ad Hoc committee made up of representatives from many County Departments, most of whom had previously worked on Smart Growth and Complete Streets policies.
- The County Board of Supervisors adopted the Age-Friendly Schoharie County resolution on December 17, 2021; Ad Hoc committee is meeting to discuss implementation strategy, future steps, and strategies to achieve goals.
- Education, training, and other work with local boards is a never-ending endeavor, even after policies are codified.
Broome County became a member of the AARP Age-Friendly Network in 2018.

**Project Update (December 2021)**

- A number of ad hoc workgroups consisting of community volunteers, professionals, the Office for the Aging (OFA), Broome County staff, and Binghamton University interns have been convening since 2021 to work on action plan implementation.
- OFA worked with the Southern Tier Homebuilders Association on an article about hiring contractors for home repairs and avoiding scams which was published in the Senior News (monthly distribution of about 6,500 copies).
- OFA staff created a “How to Find a Private Apartment” document for those who do not qualify for subsidized housing but have limited means.
- OFA publicized new programs addressing the issue of affordable internet access, obtaining low-cost computers and tablets, and opportunities for technology support/education. A three-part article was featured in the July Senior News and shared with other organizations for their newsletters, such as local libraries.
- OFA has a new grant-funded virtual senior center project and is distributing tablets and providing technology assistance to local older adults interested in participating.
- An "Age-Friendly Communication Fact Sheet" was created and disseminated throughout the community that covers some best practices for print, digital, TV/radio, and verbal communication.
- An ongoing workgroup is developing intergenerational opportunities in Johnson City. A Spring 2022 “Senior to Senior” dinner dance is planned which will bring together high school seniors and older adults.
- Local age-friendly vaccine access efforts included an OFA vaccine hotline where appointments were made for those without internet access and free transportation to COVID vaccine appointments provided by Rural Health Network.
- A local volunteer group built raised flower beds for the residents of Willow Point Nursing Home in Vestal.
- OFA offered a grand-funded Disability Awareness Training featuring speakers from Our Ability, Inc. and AVRE (Association for Vision Rehabilitation and Employment, Inc.).

Partners

- Older people
- County, town, and village officials within Monroe County
- County and City planning departments
- Monroe County Parks Department
- Local community locations, such as recreation centers, schools, libraries, community centers and parks
- Senior centers
- Chambers of Commerce and local businesses
- Neighbor and community organizations

Project Update (December 2021)

- Completed: Gap analysis of 22+ local plans to identify age-friendly considerations in plans already underway, and underserved domains
- Completed: City of Rochester/Monroe County AARP Age-friendly Network application approved 2019
- Completed: Community survey to gauge older adult preferences in Monroe County across 8 domains
- Completed: Poverty in Later Life study (August 2021) to inform our work
- Completed: Workgroups, focus groups and 1:1 interviews with consumers, county departments, stakeholders
- Completed: Final draft - Rochester/Monroe Co Age-Friendly Action Plan (December 2021)
- In Progress: 1) Engaging City/County officials for support, County Proclamation, 2) implementation/evaluation phase through 2024 (securing funding for action items, monitoring community progress, supporting county departments on the HAAP aim)
Nassau County became a member of the AARP Age-Friendly Network in 2019.

**Nassau County 2019 Population Estimate**

- **Total Population:** 1356924*
- **Age 18-64:** 60% (819278)
- **Age 65-74:** 10% (136817)
- **Age 75-84:** 5% (71451)
- **Age 85+:** 3% (38422)

Oswego County became a member of the AARP Age-Friendly Network in 2019.

**Oswego County 2019 Population Estimate**

- Age 18-64: 62% (72960)
- Age 65-74: 10% (11788)
- Age 75-84: 5% (5731)
- Age 85+: 2% (2167)
- Age <17: 21% (24478)

Total Population: 117124*

**Project Update (December 2021)**

- Due to COVID-19 community partners have not met to discuss County needs/plans. The first meeting of stakeholders will be January 18, 2022.
- Continue to work with the Oswego County Transportation Advisory Council on transportation issues, or lack thereof, in the outlying areas of Oswego County. The County is in the process of establishing first mile – last mile to connect underserved areas with the public transportation system.
- Identified the need for senior services in City of Oswego. Working with Oswego County administration on plans to renovate an existing County building to incorporate a senior center with multi-generational programing.
- The county team continues their work with the Healthy Miles Task Force which looks at areas within the County where walking trails can be created. There are currently accessible walking paths in Oswego, Fulton, and Pulaski.
- County team is working with Fulton Block Builders to present their program and how it can be replicated in other areas of the County.
Saratoga County became a member of the AARP Age-Friendly Network in 2019.

**Saratoga County 2019 Population Estimate**

- **Total Population:** 229,863*
- **Age 18-64:** 62% (141,419)
- **Age 65-74:** 11% (25,706)
- **Age 75-84:** 5% (12,595)
- **Age 85+:** 2% (4,931)
- **Age <17:** 20% (45,212)

**Transportation Domain Accomplishments:**

- Completed initial assessment
- Identified specific health-related tracking measures
- Facilitated inclusion of missing sidewalk connections near the County Department of Social Services Building in the municipality’s sidewalk master plan.
- Pop-up crosswalk safety event in another community and plans for a walking school bus

- Schenectady County Job Training Agency
- Schenectady County Office of Community Services
- Schenectady Senior Center
- The Schenectady Foundation

Project Update (December 2021)

County Progress
- Held the first Age-Friendly Coalition kick-off meeting in February 2020
- Accepted as member of the AARP Age-Friendly Network
- Schenectady County Public Health Services presented an overview of the Age-Friendly work to the Schenectady County Coalition for a Healthy Community, participants were surveyed.
- Schenectady County Senior and Long-term Care conducted their annual survey for the 2020-2024 four-year plan
- Schenectady County Public Health Services is currently in the planning stages for the 2022 Community Health Needs Assessment.
- Part of this planning process involves soliciting community feedback about what the community thinks the biggest health issues in the community are

Plans
- Re-engage Schenectady County Age-Friendly Coalition in 2022
- Analyze data gathered from community via the community surveys
- Attend current county/community meetings where age-friendly work can be incorporated
- Based on assessment results and current projects being completed by organizations/municipalities draft a Schenectady County Age-Friendly Community Action Plan

The New York Academy of Medicine
Ulster County 2019 Population Estimate

Total Population: 177573*

- Age 18-64: 62% (110446)
- Age 65-74: 12% (21178)
- Age 75-84: 6% (10354)
- Age 85+: 3% (4651)
- Age <17: 17% (30944)

Project Update (December 2021)

Although Ulster County was not able to hire someone to function as a Project Coordinator due to a hiring freeze and budget constraints (30% match), many areas of the HAAAP challenges were met and continue to expand and grow. Some examples are:

- Senior Advisory Groups gathered for input to develop the Senior-Friendly Community Action Plan. One result was the creation of the Senior Hub at OFA to address the issue of isolation. The Action Plan also resulted in the establishment of Senior and Veteran parking spaces in front of the building.
- Outreach to older adults and people with disabilities via a mobile van to bring information and support services to rural and underserved areas of the communities, including rural areas.
- As part of our Cyber Senior Program – we partner with Age Well Kingston to have high school students teach older adults how to use the computer. Refurbished computers are installed at various senior housing complexes, including the Senior Hub.
- Reigniting our Neighbor-to-Neighbor Volunteer driving program which was halted due to COVID-19. Currently working with a college and high school to help provide respite to caregivers. (inter-generational)
- Created Large Print Ride Guides for the UCAT Bus System (Ulster County Area Transit) and large print bus schedules for older adults.
- Varied new and refurbished housing being set up or completed for various segments of the population. County is currently in process of redeveloping the old County jail into mixed housing.
- Walking and biking trails throughout the city and county, bike lanes added, better traffic configurations installed or refurbished. Many community committees set up to deliver information and prevention strategies for Opioid issues; integrated health committees established for better and more comprehensive communication between agencies in the County; home care committee established for better advocacy, education, and support; mobile mental health available. Through the County Health Department, many preventive and education programs in place for preventive health.
Erie County
Lead Partners

- Erie County Government
  Melissa Dentice, Erie County Senior Services
  Melissa.Dentice@erie.gov
- The University of Buffalo Center for Inclusive Design and Environmental Access (IDEA)

Erie County became a member of the AARP Age-Friendly Network in 2015.

**Project Update (December 2021)**

HAAAP programming focused on older adults post-COVID had shifted primarily to COVID related services, such as: food delivery (Hearts in Hands); improving access to medical care information (Facebook Live events and public announcements); and vaccination programs.

The following Workgroups within the Older Adult Live Well Erie program continue to meet and provide community members with education and support: Nutrition; Mental Health/Isolation; Financial Security; and Transportation.

Collaboration with IDEA Center has provided Erie County and HAAAP CFE Participants with Universal Design guidance related to: the built environment; site design; and program design
Project Update (December 2021)

Communication & Information - AgeNet digital signage system, allows senior centers to get information to their participants and those who may visit the facility, all of the information can be generated wirelessly- system is currently located in 4 senior centers in Oneida County and will be adding a 5th in 2022.

Civic Engagement - The Parkway Center and Oneida County Office for Aging implemented a pilot snow shoveling program in February of 2021 with volunteers to help seniors shovel during winter storms.

Housing - The Oneida Housing Authority cut the ribbon on July 8, 2021 for a new 50-Unit Apartment Complex for individuals 55+ in conjunction with an onsite Senior Center operated by the Parkway Center. HCR (Homes and Community Renewal) now encourage senior developments to incorporate on-site senior activities centers with projects.

Health - The Parkway Center’s Wellness Coordinator received training and certification for the Health Literacy Program. The program has two components: 1. Provide guidance for older adults to talk with their health care providers; and 2. Provide guidance to health care providers on how to effectively communicate with their clients.

Transportation - The Parkway Center expanded transportation in Verona Beach- created monthly grocery shopping transportation programs.

Outdoor Spaces and Buildings – Summer adult swim program in partnership with the City of Utica Youth Bureau; volunteer day to clean outdoor tennis courts for seniors to use in partnership with two area high school girls tennis teams from VVS and Oneida; hosted a Summer Youth Employment program.

Other Items - The Executive Resolution from the Oneida County Executive; approval and submission of the Oneida County Action Plan to AARP; developing Business Age Friendly initiative; acquired a 3rd Senior Center that will be an Educational/Technology Hub for Seniors.
Tompkins County

Tompkins County became a member of the AARP Age-Friendly Network in 2015.
